

Coogee 4 Br 2 bath ensuite Media 20.2 meters long x 7.2 meters wide 144 M2

A Home with Contemporary Living at Heart

The Coogee is a modular home design that keeps everyone in mind. Thoughtfully planned bedrooms, shared living areas, there's plenty of space for the family to relax or come together.

At the heart of the design is the contemporary kitchen. Of which contains a generous scullery with ample preparation and storage space. This 'heart of the home' flows effortlessly, connecting a private master suite at one end with the family or guest bedrooms at the other.

Tucked away is the media room, the perfect retreat for relaxing on the couch and unwinding. As you enter the large open-plan living area, you will be amazed by the beautiful *vaulted ceiling feature. Natural light streams in through expansive full-length doors to frame your stunning views and provide seamless access to outdoor living spaces.

The Coogee is available in both Skillion and Gable roofing profiles.
