

## Disson 2 Br 1 bath 10.8 meters long x 6.6 meters wide 65 M2

### Modern Living with Timeless Charm

The 2-bedroom Disson is a cleverly designed portable house blending charm and sophistication. It also offers a thoughtfully designed kitchen that's perfect for entertaining.

The open-plan living area seamlessly connects to the outdoors. This is thanks to the expansive stacker doors, creating a natural extension of the home. A covered porch provides the perfect spot to unwind and take in the surroundings.

The modular dwelling design places the bedrooms at one end of the house. This layout focuses on personal privacy, whilst also including one large bathroom.

**The Disson is available in both Skillion and Gable roofing profiles.**
