Effortless Living, Thoughtful Design

The Ralph design has it all. The welcoming feature entry invites you to kick off your shoes and hang up your coat. The expansive modern kitchen, complete with a generous scullery, is perfect for storing all your favourite utensils. A dream space for the passionate cooks to create masterpieces for the family.

The generous open-plan living area embodies modern living and functionality. Its over-height stacker doors and tall feature windows frame the view and fill the space with natural light. All the while providing a seamless connection to outdoor spaces.

This transportable home design features four spacious, light-filled bedrooms, providing a welcoming retreat for family and guests. Additionally, a well-designed laundry room provides extra storage and convenient outdoor access all at a cost-effective price.

The Ralph is available in both Skillion and Gable roofing profiles.
